

Free, creative online games that support the development of foundational K-6 math and STEM skills while fostering positive attitudes towards math in the classroom.

Who we serve

- Ontario students (K-6) who are curious about the world around them
- Ontario educators who want to foster K-6 math learning in the class and help students feel confident about math

Why choose TVO mPower

Developed by the creators of award-winning TVOkids, TVO mPower is:

- Learner-centred
- Assessment-driven
- Ontario curriculum-based
- A safe, advertising-free play space
- Free for eligible Ontarians[†]

TVO mPower games

- Lead students through creative and age-appropriate worlds designed to develop and expand their cognitive development
- Help students practice the big ideas in Ontario's math, social studies, and science curriculums
- Track student progress and respond to learner needs

Did you know?

Students have played more than **1.3M+** TVO mPower games over the past year.*
