

Your voice is critical to getting the Plan right.

This session is an opportunity for you to provide feedback on the current Multi-Year Plan (available [here](#)), and contribute input for the development of the next four-year strategic plan. Through a discussion facilitated by Maximum City, you will be asked to share your priorities and goals as parents or guardians of HDSB students, as well as how to best support you and your children in achieving those goals. The results of this session will help to inform actionable next steps for the HDSB as they develop the 2020-2024 Multi-Year Plan. No prior knowledge is required to participate, and your participation helps to ensure that parents and guardians will see themselves and their values reflected in the Board's guiding document.

Facilitators:

Josh Fullan

Hannah Miller

Lenia Barth

Sam Perry (as needed)
