

# PARENT TIPS

PIC CONFERENCE

#HDSBPIC2016

*Our classroom, teacher and parent workshops include Digital Leadership, Social Media Safety, How to Stay Safe Online, Cyber Bullying & Gaming.*

## SOCIALLY SAFE SOCIAL MEDIA

### Socially Safe Tip #1

Be mindful of how you are impacting your child's digital footprint. What are you saying and what images are you sharing of your children online?

### Socially Safe Tip #2

Apps can be hidden and disguised as simply calculators. Be aware of icon that needs a password. (Vault Apps)

### Socially Safe Tip #3

Check the privacy settings on your child's social platforms regularly. Ensure that the privacy settings are high as they change regularly.

### Socially Safe Tip #4

Ensure you are aware of your child's passwords so you can see the conversations via direct messaging.

### Socially Safe Tip #5

Sit down with your kids regularly and have a conversation with them about the social platforms they are on and their privacy settings.

### Socially Safe Tip #6

If your child is on a specific platform, you need to be on that same platform. Hang out where they hang out.
