

RESOURCEFUL READERS
Tricia Nelson and Gillian Stafford

The 'RESOURCEFUL READERS' session will guide parents through a variety of activities and resources that will support their emergent and not yet reading students. They will learn about wordless books and how these can support the reader in gaining oral language and book handling skills. They will be manipulating letters and sounds through a variety of hands on experiences, as well as knowing the reading prompts that will support their child through their reading journey. There will be a resource pack that the parents will be able to take away and use with their child straight away.

Resources that they will take away:

Alphabet linking chart

Cluster linking chart

How to use an alphabet linking chart

Writing letter formation supports

Wordless book

25 ways to use magnetic letters

Activity cards to play on the go.

We hope that this session provides parents with many ideas to support their early readers at home and on the go.
