## SAFE AND ACCEPTING SCHOOLS

---

### 1. PURPOSE

The Halton District School Board is committed to a whole school approach to creating safe, caring, equitable, and inclusive school environments for all students, staff and members of the school community. The Board supports all students in developing healthy relationships, making good choices, continuing their learning and achieving success.

### 2. POLICY

The Halton District School Board recognizes that open dialogue and a whole-school approach are required, and that everyone has a role to play in creating a positive school climate and in preventing inappropriate behaviour, such as bullying, discrimination, harassment, sexual assault, and violence. The Board also believes all students, staff, and members of the school community should feel safe at school and are deserving of a positive school climate that is inclusive, equitable and accepting, of all identities, including but not limited to race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, gender identity, gender expression, age, marital status, or disability.

The *Education Act*, the Provincial Code of Conduct, Policy Program Memorandum 119, 120, 128, 141, 142, 144 and 145, and Ontario Regulations 472/07, 474, 440/20 together create expectations for behaviour which apply to students, whether on school property, on buses, at school-related events or activities, or in other circumstances that could have an impact on school climate. As well, they outline strategies and consequences to be used to reduce incidents of inappropriate behaviour. The Board embraces a progressive approach to discipline in schools appropriate to meet the developmental, individual and special needs of all students, which includes a continuum of supports, interventions, learning opportunities and consequences. In partnership with parents and the community, the development of good character, cultural proficiency and appropriate social skills that build healthy relationships is the priority. The Board requires a response to all inappropriate student behaviour.

The Board realizes that, in some circumstances, positive practices may not be effective or sufficient to address inappropriate student behaviour. In such cases, the board supports the use of consequences. The consequences may include, where necessary, suspension and expulsion in accordance with the terms of the *Education Act*, Regulations, and administrative procedures developed by the Director of Education.

### 3. SPECIFIC DIRECTIVES

The *Ontario Human Rights Code* has primacy over provincial legislation and school board policies and procedures, such that the *Education Act*, Ontario Regulations, Ministry of Education Program Policy Memoranda and Halton District School Board Policies and Procedures are subject to and shall be interpreted and applied in accordance with the *Ontario Human Rights Code*. This policy is supported with Administrative Procedures specific to positive school climate, bullying prevention

and intervention, suspensions and expulsions, exclusions and Violence Threat Risk Assessment (VTRA). Additional procedures may be developed in support of this Safe and Accepting Schools Policy, including legislative requirements.
