OAKVILLE BOUNDARY REVIEW 2014/2015
N.E. OAKVILLE #1 ps

BACKGROUND

In 2014 the Halton District School Board received Capital Priorities funding from the Ministry to construct a public school in northeast Oakville to accommodate for the significant growth.

At its October 15, 2014 Board meeting, HDSB Trustees approved a motion to initiate the process to establish a boundary for NE Oakville #1 ps. The new school will be located north of Dundas Street, between Neyagawa Blvd and Sixth Line. Report 14142 is available [here](#). The Boundary Review Process is now underway with a school opening anticipated for the 2015/2016 school year.

Parents from Sunningdale PS and River Oaks PS residing north and south of Dundas Street will act as representatives on the Boundary Review Committee.

DELEGATING THE BOARD

Product Goals

The BRC is established to examine the initial options generated by the Boundary Review Steering Committee and to have the opportunity to give feedback.

- it will use criteria to measure the impact and effectiveness of boundary options.
- will review the options generated by the BR Steering Committee and will offer suggestions/revisions or suggest new options to be considered
- will decide to either inform the community of the recommended option(s) or to consult the community regarding the recommended option(s).

Process Goals

- That we ensure a process that is fair and transparent
- That all members are heard and respected
- That our discussions focus on what is best for all students
- Our final recommendations will be developed through a consensus process

Some Comments from First Meeting

- *Plan for the fewest number of transitions for students*
- *Consider grandfathering Grade 8 students under scenarios*
- *Explore scenarios that offer reduced enrolments at existing schools*
- *Ensure viable enrolments in all schools through examination of grade breakdowns*
- *Explore impact of dual track at River Oaks*
- *Explore naturally occurring boundaries as well as boundaries south of Dundas*

Review of Scenarios and Maps

Guiding Questions

- What scenarios do you feel have promise?
- What can you offer to make a scenario better?
- What scenarios can you NOT live with? Why?
- What did we miss (e.g., Alternate scenarios)?

Scenario Work

- Introduce new scenarios (7, 8, 9)
- In groups – discuss, record on grid charts what scenarios meet criteria
- Carousel – assess how each scenario meets criteria, vote on most viable criteria by placing stickers (1, 2, 3, or 4) on those you feel merit support (what scenarios can we eliminate at this point)...any new scenarios emerge...

Criteria to Measure Impact & Effectiveness of Boundary Options

Possible criteria could include but is not limited to:

- **Balance of overall enrolment in each school in the review area to maximize student access to programs, resources, and extra-curricular opportunities.**
- Continuity of placement and possible relocation of regional programs within the review area
- Expansion and placement of new ministry or board programs
- Viable numbers in a dual track school to support both English and French programs
- **Proximity to schools (walking distances, safe school routes, natural boundaries)**
- **Accommodation of students in permanent school facilities and minimal use of portable classrooms**
- **Stable, long-term boundaries**
- Cost effectiveness of transportation
- Fiscal responsibilities
- The grand parenting of students in the graduating class
- The number of school moves students have experienced
- Keeping cohorts together
- Other criteria recommended by committee or community members
