Note: If your child(ren) is scheduled to move schools for the 2018-2019 school year as a result of the boundary changes, they will automatically be registered at their newly assigned school and their records will be transferred accordingly. Therefore, there is no need for you to register your child at their newly assigned school.

The next step in the boundary review process is the Integration Process which will take place in the Spring of 2018. The purpose is to ensure that the transition of students into their new school(s) is achieved in a way that is positive and supportive for the students and parents of the respective school communities and neighbourhoods. We will be working with the school leaders in each of the impacted schools to develop these plans for your child and will communicate with you shortly.
