South Milton and Milton SE #13 ps Boundary Review

BRC meeting #2
Thursday October 3, 2024
7pm @ Elsie MacGill

Honouring the Land and Territory

We begin by acknowledging the land and our responsibility to care for and respect all that provides us with life. This land upon which HDSB is situated is on the ancestral, treaty and title lands of the Anishinaabek Ojibwe Michizaagiig Nation, now known as the Mississaugas of the Credit. Michizaagiig territory in the past and present continues to host both Indigenous and non-Indigenous peoples.

The HDSB is committed to continuous knowledge building with respect to actions that address and resolve the ongoing impacts of colonialism. We do this by learning and understanding the true history, treaty obligations, duties and responsibilities and Indigenous Rights while actively maintaining mutually beneficial relationships and collectively respecting and caring for the land.

Housekeeping Items

New Information: Minimum FI Program Size

1. FI Program Class & Program Size
 - a. Grades 2 & 3 - 2 classes per grade. (approx 40 students per grade)
 - b. Grades 4 to 8 - More than 1 class per grade.
 - i. To create split classes (approx. 35 students per grade)
 - c. Program size 250 FI students in grades 2-8.

- Provides flexibility on class building

- Helpful for educators to have colleagues teaching similar curriculum
 - Encourage collaboration, support teaching methods, exchange of ideas.
 - if programs are too small within a building, we start to see difficulties with retention, as educators start to feel isolated.

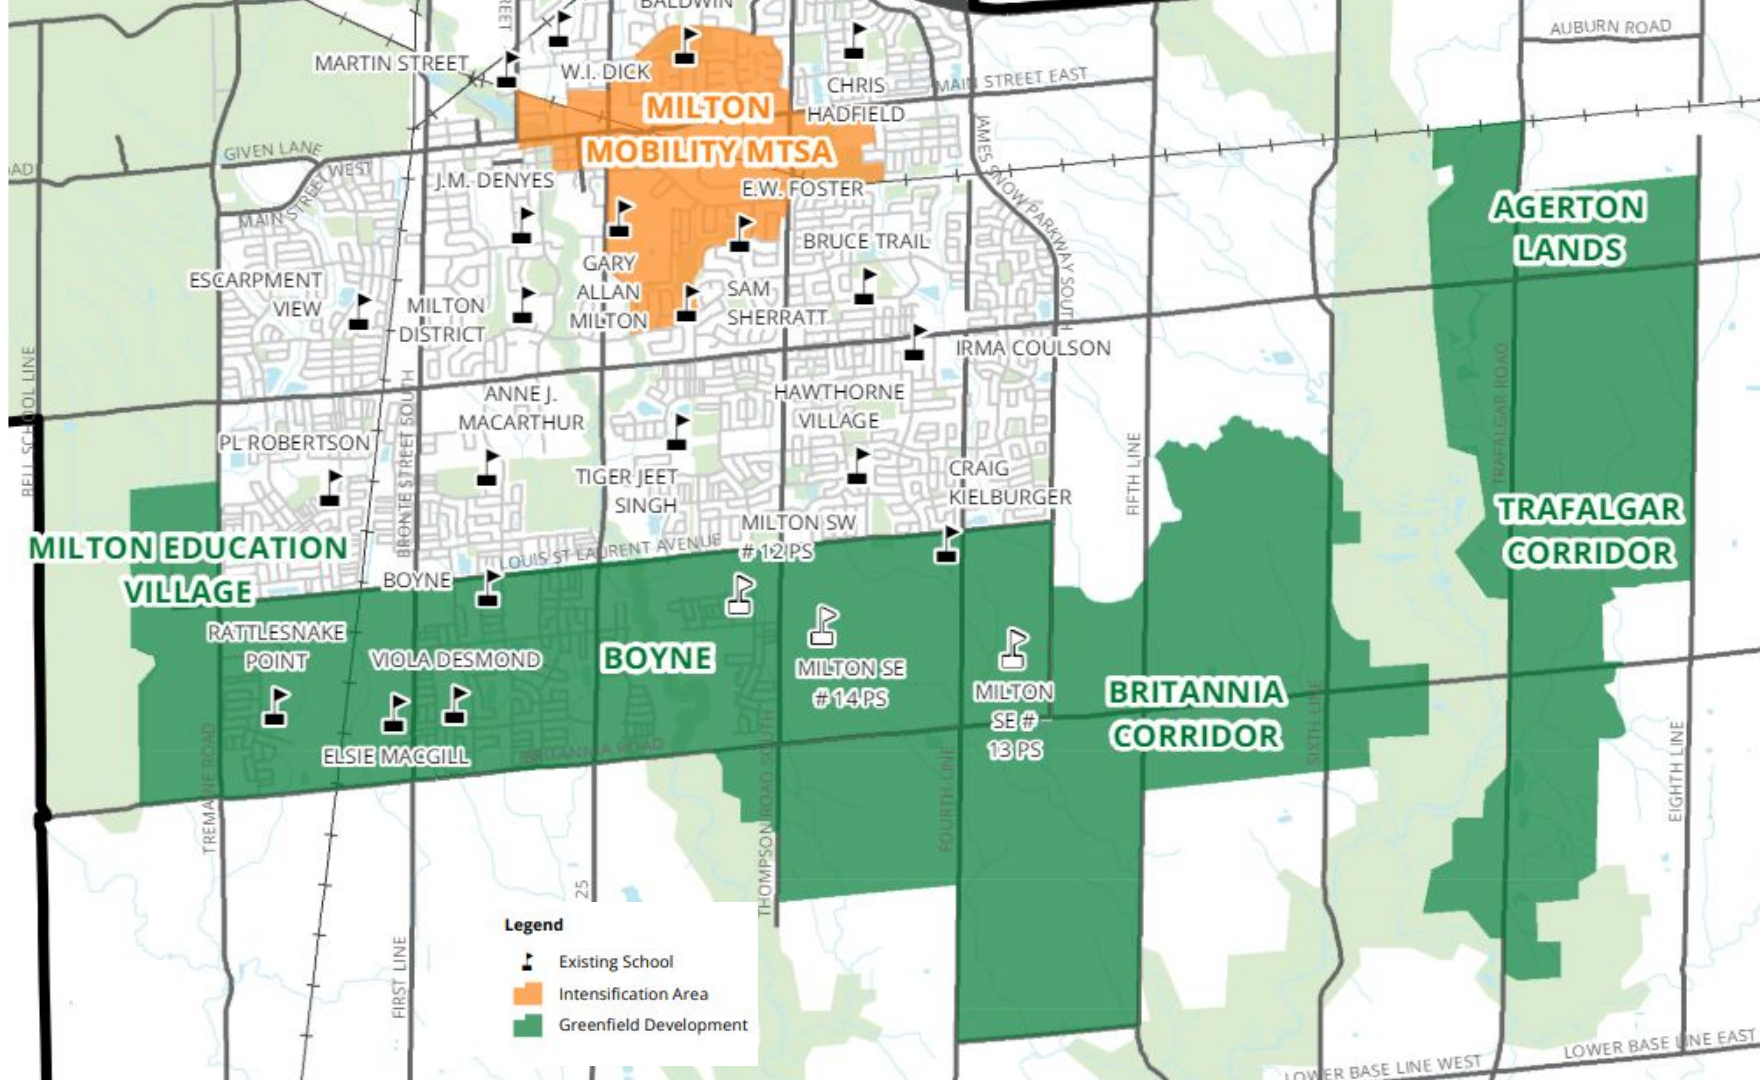

Housekeeping Items

Clarification: Secondary Plan Areas

1. Are areas where new development plans will be forthcoming - only have information on total number of units.
2. Difficult to divide, as we don't know which area will proceed first.
3. Prior to opening a new school, a boundary review process will be initiated to determine the catchment for a new school.
4. Students and holding students will be removed from south Milton to attend a school in their secondary plan community.
5. Currently they are temporary held at the following Milton schools
 - a. Trafalgar Corridor (5 schools): Hawthorne Village PS, Irma Coulson PS
 - b. Britannia Corridor (7 schools): Cedar Ridge PS
 - c. Milton Education Village (1 school): Rattlesnake Point PS, Viola Desmond PS
 - d. Agerton Node (0 schools): Chris Hadfield PS, Robert Baldwin PS

Secondary Plan Areas

Housekeeping Items

Additional Materials:

1. Projections by program for community and secondary plans.
2. Questions and Answers
3. Menti-Meter Results
4. New Options (4 & 5)
5. FAQ to be added to the website to address question and comments via email.

Targeted Outcomes

1. Review of Options 1-5
2. Understand the criteria to evaluate each option
 - a. Which ones are the most important?
3. Understand how each option impacts your school community
4. Discuss and listen to thoughts on the options
 - a. Recommend modifications to options?
 - b. Any new options to consider?
 - c. Can we remove any options from consideration?

PART 2

Presentation of Options

Criteria and Assumptions

Criteria to Evaluate Options

Criteria to review options include but not limited to:

<p>Geographic Area and Barriers: <i>Can boundaries comprised of multiple Zones that are geographically contiguous be created, taking into account any physical barriers (natural or constructed)?</i></p>	<p>Balance of Overall Enrolment: <i>Is student access to programs, resources, and extracurricular opportunities optimal? Is over and underutilization of buildings avoided to the extent possible, reducing where possible the use of portable classrooms in the short, medium and/or long-term?</i></p>
<p>Viability of Programs: <i>Can the number of students required to offer and maintain a program in an educationally sound and fiscally responsible way be maintained?</i></p>	<p>Stable Long-Term Boundaries: <i>Do the projections show long-term stability and result in avoiding the need for additional boundary changes in the short term?</i></p>
<p>Student Experience: <i>Can the number of school moves students have experienced be minimized? Can cohorts/families be kept together? What strategies can be employed to improve the transition of students resulting from a boundary review process?</i></p>	<p>Proximity to Schools: <i>Are there opportunities for maximizing walk-to schools, safe school routes, and incorporating natural boundaries into the proposed options? Can transportation requirements and costs be minimized?</i></p>
	<p>Other: <i>Other criteria recommended by the BRSC or BRC</i></p>

Definition

OTG On The Ground capacity - the provincially recognized pupil place capacity of the school building, which may include additions or alteration to the the building

Portable Maximum Maximum number of portables allowed on site

Port. Cap. Portable Capacity which is equal to the Portable Maximum numbers multiplied by 23 students

Total Capacity OTG plus Port. Cap.

ENG English program

FI French Immersion program

SC-SPED self-contained special education program

Total Total Enrolment

 below 100% OTG utilization (portables not needed)

 above 100% OTG utilization (portables are needed)

 above Total Capacity utilization (number of portables needed are above the maximum number allowed on site)

Percent Utilization Total divided by OTG

Available (+) / Shortage (-) of Pupil Places Number of available (+) or shortage (-) of pupil places, OTG minus Total

Estimate number of portables (Total minus OTG)/23

Note: (-) number of portables can be assumed that zero portables will be needed

an estimate since actual number of portables that may be required depends upon classroom organization
