Ontario Secondary School Diploma (OSSD)

In order to earn an OSSD a student must:

- earn 30 credits (19 compulsory credits and 11 elective credits)
- complete 40 community involvement hours
- successfully complete the Ontario Secondary School Literacy Requirement
- 2 eLearning courses (opt out available)

Compulsory Credits

Students must earn 19 compulsory credits. Compulsory credits are determined by the Ministry of Education.

English Understanding Contemporary First Nations, Métis, and Inuit Voices (NBE3) will be implemented over four years as the Grade 11 compulsory English credit.

Elective Credits

Students must earn 11 elective credits. Elective credits are determined by the student based on their pathway plan and post-secondary destination in consultation with parents and with support from guidance counsellors.

Visit www.myblueprint.ca/halton for educational planning resources.

What Do You Need To Graduate?

19 compulsory credits

Students must earn the following compulsory credits to obtain the Ontario Secondary School Diploma:

4	credits in English (including NBE3)						
3	credits in Mathematics						
2	credits in Science						
1	credit in Canadian History						
1	credit in Technological Education (Grade 9 or 10)						
1	credit in Canadian Geography						
1	credit in the Arts						
1	credit in Health and Physical Education						
1	credit in French as a second language						
0.5	credit in Career Studies						
0.5	credit in Civics						

Plus one credit from each of the following groups:

1	Group 1: an additional credit in English, or French as a second language, or a Native languages, or a classical or international language, or social sciences and the humanities, or Canadian and world studies, or guidance and career education, or cooperative education.	
1	Group 2: an additional credit in health and physical education, or the arts or business studies, or French as a second language, or cooperative education.	
1	Group 3: an additional credit in science or technological education, or French as a second language, or computer studies, or cooperative education.	

In addition to the above, students must complete:

11	elective credits								
40	hours of community involvement activities								
Ontario Literacy Requirement OSSLT or OSSLC									
2 elearning courses (opt out available)

Ontario Secondary School Certificate (OSSC) & Certificate of Accomplishment

The Ontario Secondary School Certificate

The OSSC is granted to students who have earned a minimum of 14 credits.

- 7 compulsory credits:
 - 2 credits in English
 - 1 credit in Canadian Geography or Canadian History
 - 1 credit in Mathematics
 - 1 credit in Science
 - 1 credit in Health and Physical Education
 - 1 credit in the Arts or Technological Education
- 7 elective credits
- Students are not required to complete:
 - 40 community involvement hours
 - Ontario Secondary School Literacy Requirement
 - 2 eLearning courses

Certificate of Accomplishment

The Certificate of Accomplishment is granted to students who have earned a maximum of 13 credits. This certificate may be a useful means of recognizing achievement for students who plan to enter the workplace or other kinds of further training. Students who return to school to complete additional credit and non-credit courses will have their transcript updated but will not be issued a new Certificate of Accomplishment.

Course Information

Course Types for the Ontario Secondary School Diploma (OSSD)

Every course in secondary school has a unique course code. The first five characters of all course codes are mandated by the Ministry of Education.

Most secondary school courses are scheduled for 110 hours in a semester. You earn one credit when you complete a 110-hour course. Some courses (e.g. Careers, Civics) are offered for half a semester and have a 0.5 credit value and some courses, such as co-op, are 220 hours long and have a credit value of two.

Grade 9

Grade 10

Open (O) courses are appropriate for all students and are designed to broaden students' knowledge and skills in subjects that reflect their interests and prepare them for active and rewarding participation in society. Please note that open French (FSF 10) is not an option for students with core or Immersion French experience.

Academic (D) courses focus on the essential concepts of the discipline plus additional related concepts. Academic courses develop students' knowledge and skills by emphasizing theoretical, abstract applications of the essential concepts while incorporating practical applications, as appropriate.

De-streamed (W) courses equip all students with the knowledge, skills and work ethic to be successful in academic or applied courses in Grade 10.

The HDSB has de-streamed Grade 9 courses to ensure students are able to make informed decisions about their pathway in Grade 10. If a Grade 9 course is not yet de-streamed, you will select the academic course.

Applied (P) courses focus on the essential concepts of the discipline. Applied courses develop students' knowledge and skills by emphasizing practical, concrete applications of the essential concepts while incorporating theoretical applications, as appropriate.

Locally Developed (L) courses are designed to focus on core knowledge and skills to meet individual student needs for compulsory subjects. Locally developed courses are intended for students whose educational needs are not met by the de-streamed, academic or applied courses.

Course Information

Grade 11 and 12

Open (O) courses are appropriate for all students and are designed to broaden students' knowledge and skills in subjects that reflect their interests and prepare them for active and rewarding participation in society. They are not designed with the specific requirements of university, college, or the workplace in mind.

University (U) preparation courses are designed to equip students with the knowledge and skills they need to meet the entrance requirements for university programs.

University/College (M) preparation courses (often referred to as mixed) are designed to equip students with the knowledge and skills they need to meet the entrance requirements for specific programs offered at universities and colleges.

College (C) preparation courses are designed to equip students with the knowledge and skills they need to meet the entrance requirements for most college programs or for admission to specific apprenticeship or other training programs.

Workplace (E) preparation courses are designed to equip students with the knowledge and skills they need to meet the expectations of employers, if they plan to enter the workforce directly after graduation, or the requirements for admission to certain apprenticeship or other training programs.

Q: Will de-streamed, single streamed and open courses prepare me for any post-secondary pathway I might choose?

A: Yes! Courses in Grade 9 are designed to prepare students for any pathway they may choose after high school.

Q: Is there somewhere I can go for help if I have questions about the courses I should take?

A: Yes! Your secondary Guidance department can assist you with selecting courses. If you have an IEP, you can discuss your options with your SERT. There may also be information sessions for more information and you can discuss specific subjects with your classroom teacher. Your parents/guardians can also be helpful in providing advice and assisting you with your planning.

Q: I have an IEP (Individual Education Plan). What support will I have in secondary school?

A: Your IEP is part of your transition plan to secondary school. Accommodations are available based on the needs of each student. Connect with your Learning Resource Teacher at your school to discuss your needs in more detail.

Q: I am learning English as an additional language. Can I take ESL courses?

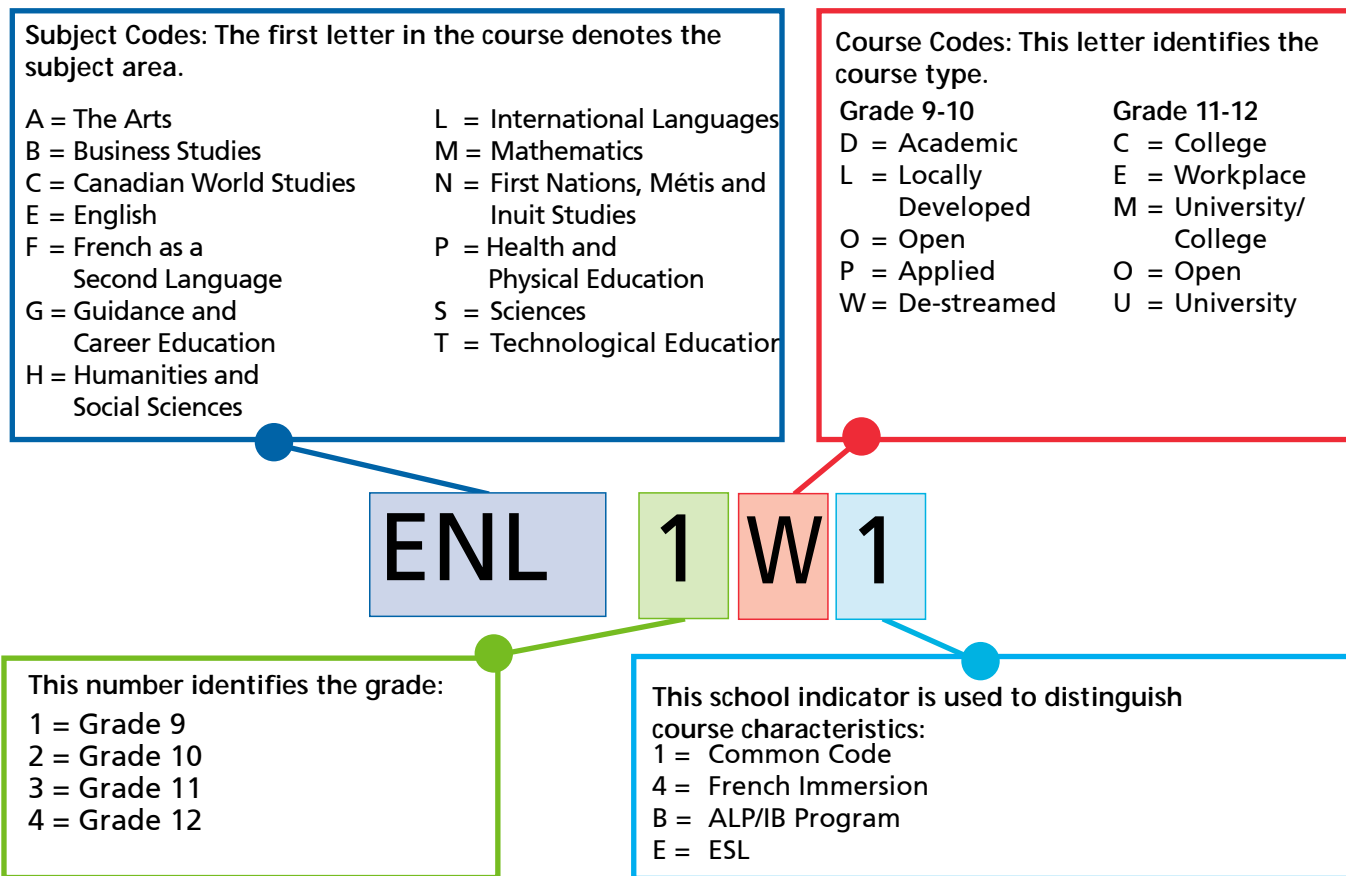

A: If you are a multilingual student who is learning English, your ESL/ELD teacher can assist you in selecting the appropriate ESL or ELD courses based on your level of English language proficiency.

The HDSB will be replacing all current Grade 11 English courses with the Grade 11 English: Understanding First Nations, Métis, and Inuit Voices by the 2024-2025 school year. This update reflects the HDSB commitment to Indigenous Rights and Education. Students will gain a deeper knowledge and appreciation of First Nations, Métis and Inuit histories, truths, excellence and current realities while continuing to develop the necessary knowledge and skills for success in Grade 12 English pathways and beyond.

Course Information

How to Decode a Course Code?

Every course in secondary school has a unique course code. The first five characters of all course codes are mandated by the Ministry of Education.

What is recorded on my Ontario Student Transcript?

- ✓ Student Achievement
 - Grade 9 and 10 courses that are successfully completed (mark of 50% and above) are recorded
 - All Grade 11 and 12 courses are recorded with percentage grades, including courses that are not successful (below 50%). If a student withdraws from a course within five days of the midterm report card (full-disclosure date) the course will not be recorded.
- ✓ Completion of community involvement hour requirement
- ✓ Completion of the Ontario Secondary School Literacy Requirement
- ✓ Completion of Specialist High Skills Major (SHSM) requirements
- ✓ Completion of the eLearning graduation requirement (unless an opt out form has been completed)

What if I am enrolling in secondary school with prior secondary education outside Ontario?

Your HDSB secondary school will review your prior learning, academic history and educational goals to build a timetable to support your goals upon registration. Please bring your transcripts with you to facilitate this process. The school will monitor your progress and adjust your timetable as required to ensure a successful transition. Towards the end of your first semester or year, the distribution of Prior Learning Equivalency (PLE) credits will be determined, shared and entered on your Ontario Student Transcript. Students graduating in Grade 12 may have their PLE assessment completed earlier to meet post-secondary timelines. Questions about the PLE process can be discussed with your guidance Counsellor. Note: some students new to Ontario may be required to register through the HDSB Welcome Centre. More information can be found at www.hdsb.com.

Course Information Continued...

Course Outline

Course outlines are available on school websites at the start of each semester. They are also available on www.hdsb.ca. The course outline includes:

- course title, course code, and course description
- course curriculum expectations, assessment and evaluation information including the course's achievement chart, academic standards and learning skills

Equity Statement

Courses within the HDSB are taught in learning environments that are culturally responsive and relevant and promote inclusive education. The HDSB endeavours to eliminate discriminatory bias and address systemic barriers and power dynamics that limit students ability to participate, learn, grow and inspire. It is important that every student see themselves reflected in the curriculum, physical surroundings and the broader environment and feel engaged and empowered by every learning experience.

Course Changes

Students wishing to request a course change should consult their Guidance Counsellor. Parents/guardians of students under the age of 18 must approve any course changes. Requests for course changes are subject to course availability and class size considerations as approved by Guidance and/or Administration.

Grade 9 EQAO Math & Grade 10 Literacy Requirement

The Grade 9 EQAO Assessment of Mathematics:

- Measures the math skills students are expected to have learned in Grade 9.
- Students working toward a credit in Grade 9 Mathematics are required to take this test as part of their final evaluation.

The Grade 10 Literacy Requirement:

- Measures whether students are meeting the minimum

standard for literacy (reading and writing) across all subjects up to the end of Grade 9.

- Students write the Grade 10 Literacy Test (OSSLT) in the spring or fall of Grade 10.
- Successful completion of the OSSLT is a requirement for the Ontario Secondary School Diploma (OSSD).
- There is support for students who are not successful, including an opportunity to rewrite the test or to take the Ontario Secondary School Literacy Course (OSSLC).
- Students who miss the opportunity to write the OSSLT in Grade 10 can attempt in their Grade 11 year.

Support and Preparation for EQAO Math and OSSLT

- Students with special education needs may receive accommodations consistent with regular classroom assessment practices as specified in their IEP and as permitted by EQAO.
- English Language Learners may receive accommodations as permitted by EQAO.
- Students are provided with a wide range of support within the classroom and outside class time to ensure they are well prepared for these evaluations.
- Test materials and additional resources are available at www.eqao.com.

Community Involvement Hours and eLearning

Community Involvement Hours

Did you know?

Students entering Grade 9 must complete 40 community involvement hours as one of the requirements for their Ontario Secondary School Diploma (OSSD). Students may begin accumulating their 40 hours during the summer before they enter Grade 9.

How do I document my community involvement hours?

Students must submit a signed letter(s) from the supervisor (on letterhead) that includes the number of hours completed, a description of the activity and the name of the organization to their Guidance officer or a

completed Record of Community Involvement Form.

What are considered eligible community involvement activities?

See the table below for some examples of eligible community involvement activities.

Visit hdsb.ca for more information

Eligible Community Involvement Activities	Ineligible Community Involvement Activities
<p>An event/activity/program that is:</p> <ul style="list-style-type: none"> designed to be of benefit to the community (e.g., Ribfest, Earth Day Event, Pride Walk) structured to promote tutoring, mentoring, coaching and the purpose is to assist others (e.g., coaching a sibling's soccer team, volunteering with Positive Space Network) supporting the work of a global nature (e.g., Earth Day cleanup, tree planting) contributing to the health and well-being of any group, including school-based activities (e.g., volunteering at a nursing home or food bank) affiliated with a club, religious organization, arts or cultural association, or political organization that seeks to make a positive contribution in the community (e.g., Girl Guides/Scouts, Rotary Club, supporting a cultural event at your mosque.) 	<p>An event/activity/program that is:</p> <ul style="list-style-type: none"> during instructional/class time within the school day (e.g., The Terry Fox Run during class time) assigned to paid work (e.g., part-time job) required activities of a course where you earn a credit (e.g., class project to collect food donation) participating on school sports teams or clubs part of an experiential learning opportunity during the school day (e.g., Take Our Kids to Work Day, job shadowing, Cooperative Education) part of regular family responsibilities (e.g., doing laundry, watching a sibling) court ordered community service program

eLearning Graduation Requirement

Beginning with those that started high school in September 2020, students will be required to complete 2 eLearning courses as part of their graduation requirements. The intent is for student's to build their digital literacy and citizenship skills in preparation for post-secondary learning.

The eLearning courses must be asynchronous (i.e. no specific times required for the students to be online) and provide a full 110 hours of learning as they would for any other credit they complete. Parents/guardians can give consent for their student to 'opt out' of this requirement by completing a form that can be picked up in the student's high school Guidance office. Further details regarding eLearning in the HDSB can be found in the 'Additional Learning Opportunities' portion of this document or at hdsb.ca.

Transition programs support the successful transition from Grade 8 to 9.

Every school provides a comprehensive orientation for students and their families that may include:

- guidance visits to all elementary feeder schools
- Grade 8 information evening (parent and student)
- course selection workshops
- Grade 8 visits/tours
- orientation to secondary school with senior student mentors
- Grade 9 activities and events throughout the year

Grade 9 students are grouped with student leaders to familiarize them with life at secondary school.

Student Mentors

Every secondary school has student leaders to mentor and act as role models for incoming Grade 9 students. These senior student leaders play an integral role in planning activities for Grade 9 students as they begin their secondary school experience. Grade 9 students are grouped with student leaders to familiarize them with life at secondary school through a variety of activities designed to develop a strong

sense of belonging in the school community. These events may include tours, dances, or BBQs. Student mentors stay connected with Grade 9 students throughout the year to support academic success and community building. Every Grade 9 student is encouraged to engage in the wide range of activities that all secondary schools offer.

Get Involved - Athletics and Co-Curriculars

Research shows that students who get involved are more likely to succeed academically. There are more than 70 co-curricular activities, clubs and sports offered in Halton secondary schools. By getting involved, students explore their physical, creative, and social selves while meeting new people and trying new things.

T i p s

1. Check with your school for a list of co-curricular activities.
2. If a club or team of interest is not currently offered, students can get involved and get it started by speaking to other students, student council and/or teachers.

Support Services Team

Each secondary school has a Support Services team that assists students in a variety of ways to ensure success for all students. The Support Services team includes, but is not limited to; Administrators, Guidance Counsellors, Special Education staff, English as a Second Language staff, Student Success teachers, Social Workers, Graduation Coaches and Youth Settlement Specialists. The following chart explains the roles and responsibilities of various members of the Support Services Team.

Questions? The Guidance Office can help! Counsellors are available by drop-in, email, phone and by appointment.

School Well-Being Team

The School Well-Being Team supports and promotes the ongoing well-being, mental health and safe and accepting schools efforts at your school. A whole school approach will bring everyone together to promote positive mental health, foster safe and accepting schools, and support inclusive education. The team is composed of administrators, teachers, professional support services staff and other educators, students, and parents.

Support Services Team Continued

Role	Responsibilities
English as a Second Language teacher	<ul style="list-style-type: none"> • Assist students with goal setting, self-advocacy, and the development of language acquisition • Work with classroom teacher to provide accommodations (e.g., instructional strategies and learning resources) that will support students' language acquisition • Track and monitor student assessments (i.e., ELL Initial Assessment, Ongoing OLB assessment or ELD OLLB assessment and the Orientation to School Life continuum) • Work with Youth Settlement Specialists to ensure newcomer families receive settlement support and may arrange for interpretation for family communication
Graduation Coach for Black Students	<p>The Graduation Coach Program for Black Students* is designed to support academic excellence. (*in select schools) To support students, coaches will:</p> <ul style="list-style-type: none"> • Help identify and address barriers to a welcoming and positive school learning environment in collaboration with school leaders, • Provide targeted, culturally responsive mentorship and advocacy for Black students to improve their mental health, well-being and academic achievement, with the assistance of school staff and board leadership, • Act as mentors and advisors, and • Identify intervention points and facilitate access and referrals to academic supports as well as community and school resources
Guidance Counsellor	<ul style="list-style-type: none"> • Support the academic, career, and personal development of all students • Connect students and their families with community resources • Facilitate Grade 8 to 9 transitions and complete new student registrations • Host pathway planning and information events • Support the transitions to postsecondary destinations • Track and monitor student achievement toward graduation
Principal/ Vice-principal	<ul style="list-style-type: none"> • Develop and maintain effective education programs within the school • Assist and problem-solve with students and parents/guardians • Ensure a safe and inclusive learning environment and facility • Provide professional development for staff • Support and encourage partnerships between the school and the community
Social Worker	<ul style="list-style-type: none"> • Provide counselling for students that consent to Social Work services • Share information about services/programs particular to mental health & well-being • Have a dual role as Social Workers and Attendance Counsellors for the school that involve prolonged or a significant amount of absences • Students can self-refer to see their Social Worker through the Social Work page on their secondary school website or through Guidance or Administration at their school
Special Education staff	<ul style="list-style-type: none"> • Assist students with goal setting, self-advocacy, and developing learning skills • Help students (those with an IEP) to understand their individual learner profile (e.g., strengths, needs, accommodations, modifications) • Work with classroom teachers to provide strategies/resources/diagnostic assessment that will support student engagement, well-being, and/or achievement
Support Staff for Indigenous Students	<p>Members of the team engage and support First Nations, Inuit and Métis students with:</p> <ul style="list-style-type: none"> • Academic achievement • Community building events • Advocacy for Indigenous students and caregivers • Affirming student identity
Student Success Teacher	<ul style="list-style-type: none"> • Collaborate with all staff to ensure the success of all students • Track and monitor students who are "at-risk" (e.g., credit accumulation, re-engagement, work with parents and the wider community) • Provide a variety of programs and resources to support success for all students (e.g., credit recovery, study hall, learning strategies courses, peer tutoring, eLearning)

Support Services Team - Glossary

Guidance Terms

Graduation Summary: A student's Graduation Summary lists all credits and marks. It also shows how many credits are still needed to graduate, how many community involvement hours are submitted, whether the literacy requirement (OSSLT) is complete and that the eLearning course requirement has been met (or opt out completed). This is not an official transcript.

Ontario Student Record (OSR): This is the official school record for a student. Every Ontario school keeps an OSR for each student enrolled at the school. The OSR contains achievement results, credits earned and diploma requirements completed, and other important information pertaining to the student's education.

Ontario Student Transcript (OST): This is an official and consistent summary of a student's achievement in Ontario secondary school credit courses. A current copy of the OST will be included within the Ontario Student Record (OSR).

Special Education Terms

Identification, Placement and Review Committees (IPRC)

Regulation 181/98 requires that all School Boards shall establish Identification, Placement and Review Committees (IPRCs). The IPRC has a legal responsibility to make decisions about the identification of pupils as exceptional and placement of pupils into special education.

Individual Education Plan (IEP): A written plan based on the student's strengths and needs to support educational programming and/or special education services required by a particular student to access curriculum and demonstrate learning to the best of their ability. The IEP includes a record of the particular accommodations and/or program goals needed to support the student in achieving age-appropriate, grade level curriculum expectations from the Ontario Curriculum or expectations from an alternative curriculum.

School Resource Team: A formal team of school administrators, teachers, and other regional support staff and may include a member from a community support agency that is supporting the student. The teams meet as part of the problem solving pathway. Parents are invited to school resource team meetings and are active partners in the process.

Special Education Advisory Committee (SEAC): SEAC members are representatives of local associations appointed by the Board, and, as such, attend monthly participatory meetings. This committee acts in an advisory capacity to the Halton District School Board on policies and issues that affect Special Education.

Special Education Plan: The Halton District School Board Special Education Plan outlines the school board's framework for the delivery of special education programs and services in Halton. This plan has been written in compliance with Ministry Standards.

« DID YOU KNOW? »

Students and parents/guardians may examine the contents of the OSR.

For more information on Special Education, check out the Working Together Guide at www.hdsb.ca/documents/workingtogetherbooklet.pdf

Policies and Procedures

Every student has the right to learn in a safe, healthy, and engaging environment. This core belief guides the implementation of the Safe Schools Act, the Code of Conduct and the development of policies to ensure our schools are safe and supportive places to learn. When students, staff, and parents/guardians work together, it has a powerful impact on the climate of the school and student success. Each partner has an important contribution to make toward the establishment of a positive school climate in which all members of the school community feel safe, included, accepted, and actively promote positive behaviours and interactions.

The Student's Responsibility:

- Practice honesty and integrity
- Exercise self-control and self-discipline
- Refrain from bringing anything to school that may compromise the safety of others
- Refrain from bringing to school tobacco, cannabis, alcohol and/or or vaping products and paraphernalia
- Come to school prepared, on time, and ready to learn
- Be engaged in the school community
- Show respect for self, others and school property
- Treat others with kindness and dignity
- Adhere to a school dress code that supports the Board's Dress Code and Uniform Policy
- Report activities motivated by bias, prejudice or hate to an adult or school staff member as indicated in the HDSB Discriminatory and Harmful Language Protocol
- Report activities motivated by bias, prejudice or hate to an adult or school staff member
- Adhere to the Responsible Use Procedure for Information and Communication Technology (ICT) regarding the use of personal electronic devices in schools/classrooms

The Staff's Responsibility:

- Address and report safe schools incidents as mandated by school practices with the Board's equitable and inclusive policies
- Provide a safe, caring, equitable and inclusive learning environment free from distractions
- Teach and model positive behaviour and good citizenship
- Teach acceptance of and respect for others
- Foster open, honest communication
- Help students work to their full potential and develop their sense of self-worth
- Maintain consistent standards of behaviour for all students

- Communicate and monitor school dress code that aligns with the Administrative Procedure: School Dress Code and School Uniform
- Integrate bullying prevention, anti-oppressive and anti-discriminatory strategies, and well-being practices throughout the curriculum in classroom teaching and school activities
- Notify parents/guardians of students who have been harmed, and students who are believed to have caused harm
- Provide support for students who have been harmed, students who have witnessed harmful behaviours and students who have caused harm
- Prepare students for the full responsibility of citizenship

The Parent's/Guardian's Responsibility:

- Understand the Board Code of Conduct and Provincial Code of Conduct
- Encourage and assist your child in following the rules of behaviour
- Encourage and assist your child to attend school regularly and on time
- Show an active interest in your child's academic and social development
- Talk with your child about how they can contribute to keeping their school a safe and inclusive place. Be a positive role model for your child
- Assist your school's staff in dealing with disciplinary issues involving your child
- Refrain from disrespectful conduct that includes but is not limited to
 - excessive demands for meetings or unreasonable communication requests
 - making derogatory/insulting comments to staff
 - shouting/swearing at staff
 - bullying/gossiping

Policies and Procedures Continued...

Progressive Discipline

Progressive Discipline is a whole school approach that uses a continuum of interventions, support and consequences that include opportunities for reinforcing positive behaviour and helping students make good choices. The progressive discipline approach includes:

- early and ongoing prevention and intervention strategies
- addressing inappropriate behaviour
- opportunities for a student to learn from their choices
- parental awareness and involvement
- a shift from solely punitive to both corrective and supportive measures

For additional information on HDSB policies and procedures please visit hdsb.ca.

Student Transportation

Busing is provided to students who live beyond set distances from their designated secondary school.

Transportation information is available at haltonbus.ca.

Student Attendance

Students who attend school regularly are more successful than students who do not.

Regular school attendance and punctuality is an expectation of all students and an important component of strong learning skills. Absent students miss out on the carefully planned sequence of instruction.

Parents should notify the school of any and all attendance concerns (lates and absences) through the Student Absence Reporting System SchoolMessenger. Upon arrival or departure from the school the student is to sign in/out at the main office.

Early notification of planned absences is important. Vacations should not be planned during final evaluations in January and June. Absences during this final evaluation period may require documentation.

Parents are kept informed about student attendance through automated notification systems by email or phone. Parents/guardians may also log in to the Online Student Information System at info.hdsb.ca/sis (requires birth date and student number) to review their student's attendance history. Parents are also encouraged to review their student's attendance on report cards, progress reports and in dialogue with teachers.

Assessment and Evaluation

The primary purpose of assessment and evaluation is for students to improve learning and reach their full potential. Part of being successful in high school (and experiencing less stress) is knowing about how you will be assessed and evaluated. Students will receive a percentage grade in each of the courses/subjects they take.

Assessment is the process of gathering, from a variety of sources, information that accurately reflects how well a student is achieving the curriculum expectations in a subject or course.

Evaluation is the process of judging student learning on the basis of established criteria and assigning a value. Evaluation is based on assessments of learning that provide data on student achievement at strategic times throughout the grade/subject/course, often at the end of a period of learning.

Student Reports

Teachers provide regular feedback on student achievement. Formal reports are provided at both mid-semester and semester-end. Informal reports are also provided at various points throughout the semester. Parents/guardians are encouraged to communicate at any time with their student's teachers and/or Guidance Counsellor. Reporting focuses on two distinct aspects: the achievement of the curriculum expectations and the learning skills.

Achievement Chart

This chart is a standard, province-wide guide used by teachers to make judgements about student work based on clear performance standards in the area of knowledge and understanding, thinking, communication and application.

Learning Skills

There are six Learning Skills and Work Habits - Responsibility, Organization, Independent Work, Collaboration, Initiative, and Self-Regulation. These are not used to determine a student's final grade. Learning Skills are evaluated with the following letters.

E	G	S	N
Excellent	Good	Satisfactory	Needs Improvement

Final Grade

70% of the final grade is based on work that was evaluated during the term. This portion of the grade reflects the student's most consistent level of achievement throughout the course although special consideration should be given to the more recent evidence of achievement.

30% of the final grade is based on a final evaluation towards the end of the course. Final evaluation may include a final performance task and/or final exam.

For further information on assessment and evaluation policies, refer to the Ministry of Education document - Growing Success: Assessment, Evaluation and Reporting in Ontario Schools, Grades 1 – 12, Ministry of Education, 2010

Pathways

Pathways initiatives provide a wide range of course types, programs, and learning opportunities to prepare students for success in secondary school and beyond. Secondary schools offer a variety of course types to meet the needs of all learners. Each pathway includes different course types and may also include specialized regional pathways programs. Pathways are flexible and may be combined and changed. As students begin to know themselves as learners they have the opportunity to adjust pathway plans as they move through secondary school, with the assistance of their Guidance Counsellor and parents/guardians. Most students' secondary school experience includes courses from a variety of course types. Pathways in secondary school prepare students for their chosen post-secondary destination. The five destination Pathways are: Apprenticeship, Work, Community, University and College.

Apprenticeship

Apprenticeship is a practical way of learning and includes a combination of on-the-job training and classroom instruction. Apprentices are paid while gaining work experience and wages increase with skill levels.

Apprenticeship leads to a career and a Certificate of Qualification in one of over 150 'apprenticeable' occupations in Ontario.

How long does Apprenticeship take?

To become a certified tradesperson, an apprenticeship usually lasts two to five years depending on the occupation. Apprentices work for the majority of this time, and attend in-school training, usually at a local community college. Apprentices pay a nominal fee to attend the in-school portion of their training.

Consider Apprenticeship if you...

- enjoy activity based learning and have good mechanical and spatial abilities
- enjoy repairing things, assembling and disassembling structures
- enjoy solving problems, determine why something does not work and how it can be done better
- are interested in a career that is fulfilling, profitable and can lead into other careers

Work

Many careers require a high school diploma for direct entry. These jobs usually include specific on-the-job training after you start. Opportunities exist in many economic sectors including Arts & Culture, Construction, Business, Health & Wellness, Hospitality & Tourism, Manufacturing, Agriculture, Landscaping, etc. HDSB offers several "School to Work" Programs.

Some students who choose direct entry to work may later pursue apprenticeship, college and/or university. Several programs in Halton provide opportunities for students to meet initial requirements for entering specific industries, allowing them to make a successful transition from school to the workplace.

Consider the Work pathway if you...

- have developed practical workplace skills that have prepared you for a specific career without needing to pursue college, university, or an apprenticeship first
- have been successful in workplace pathway courses and wish to explore workplace opportunities
- want to gain workplace experience before continuing post-secondary education
- have specific career goals in mind that allow you to go directly to the workplace for on-the-job training

The Community Pathway Program

The Community Pathway Program (CPP) is a pathway determined by an Identification Placement and Review Committee and requires students to have an Intellectual Exceptionality. It is designed for students with special education needs who are primarily accessing non-credit courses leading to a Certificate of Accomplishment or in some cases, an Ontario Secondary School Certificate (OSSC). Students in this pathway may remain in school until June of the year in which the student turns 21 years of age.

Special Education staff, parents and community support agencies work collaboratively to individually plan and prepare students for life in the community upon leaving secondary school.

Options for this pathway could include, but are not limited to: volunteer work, paid employment, and participation in recreational programs. Students leaving CPP may also be accessing day programs through local community agencies. Some may access specialized programs (CICE - Community Integration through Co-operative Education) offered at a few Ontario colleges.

This pathway leads to...

- Certificate of Accomplishment: Awarded to students upon leaving school who have made progress in completing individual personal and educational goals as outlined on the Individual Education Plan.
- Ontario Secondary School Certificate (OSSC): Awarded to students who successfully complete a minimum of 14 credits, including 7 compulsory credits (2 credits in English, 1 credit in Math, Canadian Geography or Canadian History, Science, Health and Physical Education, Arts or Technological Education), plus 7 optional credits.

University

Universities offer degree programs that are more theoretical, in areas such as General Arts, Sciences and Business.

University can lead to careers such as: teachers, engineers, doctors, accountants, computer programmers, and lawyers.

How long does University take?

Students in university obtain bachelor degrees, master degrees, and doctorate degrees, ranging from three to 10 years of study. Universities also offer continuing education and certificate programs for specific occupations.

Consider University if you...

- enjoy abstract concepts associated with course material
- enjoy academic and theoretical learning
- enjoy independent learning
- have specific career goals that require a university degree

College

College programs provide an effective combination of real life applied skills and quality theoretical education.

College programs give you the skills you need to pursue a variety of careers such as: journalists, police officers, dental hygienists, website technicians, paralegals and chemical technologists. Some programs transfer over into University programs/credits.

How long does College take?

College programs usually take one to three years to complete. Colleges have certificate, diploma, graduate certificate, applied degree, and some joint college/university programs.

Consider College if you...

- find success in hands-on/applied curriculum
- enjoy smaller classes and the personal approach to instruction
- are interested in developing technical and occupational skills required for your chosen career area
- have specific career goals that require a college education

Student Pathway Planning

The Halton District School Board offers a variety of Pathways Programs for students. For more information about these programs, visit hdsb.ca.

Individual Pathways Plan (IPP)

Students develop their IPP through class activities, co-curriculars, experiential learning opportunities, and pathways planning tasks. The IPP is part of a student's education and career/life planning, which is an ongoing, cyclical process that focuses on the following four questions:

- Who am I?
- What are my opportunities?
- Who do I want to become?
- What is my plan for achieving my goals?

myBlueprint

Students in the HDSB use **myBlueprint** as their Individual Pathways Planning (IPP) tool for education and career/life planning. *myBlueprint* provides students with tools to explore their opportunities, plan their educational pathway, and document their learning. *myBlueprint* is a comprehensive IPP program that includes information on:

- secondary course offerings
- postsecondary opportunities
- occupation planning
- SHSM, OYAP, and Dual Credit Regional Pathways Programs
- budgeting
- resume writing
- portfolio planning
- goal setting and achievement

All HDSB students have an account. Students can use their HDSB login information to access *myBlueprint*. Families can also create an account where they can directly link to their children's/child's account.

For more information, visit myblueprint.ca/halton.

Regional Pathways Programs

Learn more about all HDSB Regional Programs at hdsb.ca

Community Pathways Program (CPP)

Placement in the Community Pathways Program is done through the Identification Placement and Review Committee. The Community Pathway Program is designed for students with special education needs who are primarily accessing non-credit courses leading to a Certificate of Accomplishment (COA) or in some cases, an Ontario Secondary School Certificate (OSSC). Students in this pathway may remain in school until June of the year in which the student turns 21 years of age. Students in the Community Pathways Program work on individualized goals, outlined in their IEP, and some may work towards an Employability Skills Certificate (ESC) in preparation for gainful employment.

Special Education staff, parents and community support agencies work collaboratively to individually plan and prepare students for life in the community upon leaving secondary school.

English as a Second Language (ESL)

The English language proficiency of all multilingual students will be assessed upon registration with the Halton District School Board. The time needed to complete the assessment will vary based on individual student needs. The assessment will include:

- a structured interview to assess oral communication skills (listening and speaking)
- an assessment of reading comprehension
- an assessment of student writing
- an assessment of mathematical knowledge and skills

The assessment provides information about the type and the amount of support the student needs to develop English language skills to ensure success. In secondary schools, placement in courses will depend upon the results of the assessment, the student's educational background, interests and pathway aspirations.

Note: The HDSB provides transportation for students that qualify for CPP.

ESL/ELD Centre Schools provide support for multilingual students from the early stages of learning English. These schools support both ESL and ELD programs and may also cluster multilingual students for compulsory courses such as History, Science, and Geography. All other HDSB schools support multilingual students later in their English language acquisition by offering ESL D and ESL E and/or offering targeted instructional support and accommodations within all courses and program areas.

Note: The HDSB provides transportation for students who live more than 3.2 km from their ESL secondary school.

Regional Pathways Programs

French Immersion

The French Immersion Program is open to students who have completed the French Immersion program in a Halton elementary school or with principal permission for appropriate students from school boards outside Halton. Students in French Immersion must accumulate a total of 10 Immersion credits in order to receive a Certificate of Immersion Studies. The 10 Immersion credits include 4 French Language credits (Grade 9-12) and 6 additional courses in other subjects taught in French. French Immersion students may also be able to take other Regional Pathways Programs.

International Baccalaureate (IB) Diploma Programme

The IB Diploma Programme is a comprehensive two-year programme that takes place in the last two years of secondary school (Grade 11 & 12). An IB Diploma holder may also receive credit for courses at some universities.

The IB Diploma Programme (IBDP) is designed as an academically rigorous and balanced programme of education with final examinations that prepare students for success at university and life beyond. The programme has gained recognition and respect from the world's leading universities.

Students who succeed in earning the IB Diploma will at the same time earn the Ontario Secondary School Diploma. All IB schools offer a cluster program for Grade 9 and 10 students accepted to IBDP.

This two-year Accelerated Learning Program (ALP) is designed to prepare students for the academic rigour and challenges of the IB Diploma Programme.

Note: The HDSB does not provide transportation for IB.

2023/2024 Application Deadline: December 4, 2023

@ 11:59 p.m.

Note: The HDSB provides transportation for students who live more than 3.2 km from their French Immersion secondary school.

I-STEM

The I-STEM regional program is a four year interdisciplinary, hands-on, experimental, inquiry-based program with a focus on innovation and solving real world problems. Students work collaboratively and in partnership with community partners and post-secondary institutions to solve social, economic or environmental local and global issues. Students in Grade 9 will focus on Engineering skills, in Grade 10 they will learn how to be an entrepreneur and in Grades 11 and 12 students will explore what it means to be a Global Innovator. Students interested in this program will apply for entry to begin the program in their Grade 9 year. Students interested in this program will apply for entry to begin the program in their Grade 9 year.

Note: The HDSB does not provide transportation for I-STEM

2023/2024 Application Deadline: December 4, 2023

@ 11:59 p.m.

Regional Pathways Programs

Locally Developed

Locally Developed Programs are for Grade 9-12 students who:

- require flexibility and support to meet graduation requirements
- are several grade levels behind in literacy and numeracy skills
- benefit from structure and organization
- complete tasks and homework with assistance, support, and prompting
- benefit from authentic, hands-on learning experiences

Locally Developed students complete courses toward the completion of an OSSD to pursue pathways of interest.

School Within A College (SWAC)

The HDSB offers SWAC in partnership with Sheridan College. This program offers students between the ages of 17-20, with at least 22+ credits, the opportunity to earn up to five secondary school credits and two college-delivered Dual Credits on a college campus. These courses also count towards their OSSD and college transcript.

Benefits:

- This program is FREE for all HDSB students and includes transportation, textbooks, tuition and material costs.
- The Dual Credit earned is counted both towards a first year college program and OSSD requirements.
- SWAC students will be registered college students and receive a student number and identification card.
- Access to all college services space (Gym, Library, Computer labs) and events.

Dual Credit Program

Dual Credit programs are Ministry-approved programs that allow Grade 11 and 12 students to take college courses that count towards the OSSD and a post-secondary college diploma. HDSB has partnerships with Conestoga, Humber, Mohawk, Niagara and Sheridan colleges as part of the provincial School College Work Initiative.

Dual Credit programs run either in the secondary school or at the college, and allow students to reach ahead to their future education in the apprenticeship or college post-secondary pathways. Students interested in Dual Credit programs should meet with their guidance counsellor to discuss opportunities and to determine if they meet the student criteria to enroll.

Note: *Transportation for regional dual credit programs may be provided.*

Visit haltonpathways.ca and myBlueprint.ca/halton to learn about Dual Credit programs in HDSB

Regional Pathways Programs

Ontario Youth Apprenticeship Program (OYAP)

The Ontario Youth Apprenticeship Program (OYAP) offers Ontario secondary school students the opportunity to get experience in any apprenticeable occupation through the co-op program. Successful students can begin to train as a registered apprentice while enrolled in high school. OYAP allows a student to complete their Ontario Secondary School Diploma (OSSD) and to gain apprenticeship training towards a certificate of apprenticeship, which may lead to a journeyperson status. Through specialized cooperative education and appropriate in-school courses students can get experience in an apprenticeship trade, and if they show the ability and drive they can start an apprenticeship while still in high school. The OYAP programs are designed for senior students in secondary school as early as Grade 11.

Concentrated OYAP helps prepare students for apprenticeship by combining high school courses with a cooperative education placement to provide the knowledge, skills and work experience to begin an apprenticeship. Hours and skills accumulated in OYAP may be applied to the student's apprenticeship certification requirements. Many concentrated OYAP programs are accredited by Niagara College. Students who are successful in these courses earn their level 1 (basic) towards their apprenticeship. Often students earn up to 2 years towards their apprenticeship prior to graduation.

Visit haltonpathways.ca and myBlueprint.ca/halton to learn about specific OYAP programs in the HDSB.

Note: Transportation for regional; OYAP programs may be available (eligibility requirements must be met).

Specialist High Skills Major (SHSM)

The Specialist High Skills Major (SHSM) is a specialized program that allows Grade 11 and 12 students to focus on knowledge and skills that are in a specific economic sector and obtain certifications recognized in those sectors to explore informed career decisions. All students in the SHSM are prepared for success in the postsecondary destination of their choice, whether it be apprenticeship training, a college or university program, or the workplace.

To earn a SHSM diploma, students will complete:

- **Bundle of credits:** A defined bundle of credits consisting of eight to 10 Grade 11 and Grade 12 credits, including cooperative education credits
- **Certification and training experiences:** Sector-recognized certifications and/or training courses
- **Experiential learning and career exploration activities:** Experiential learning and career exploration activities within the sector
- **Reach ahead experiences:** Learning experiences connected with the student's postsecondary plans
- **Sector-partnered experiences:** Experiences in which students engage with a sector partner to explore sector-related content, skills, and knowledge. There are 15 SHSM sectors offered in the HDSB: Agriculture, Arts & Culture, Business, Construction Energy, Engineering, Manufacturing & Robotics, Environment, Health and Wellness, Horticulture & Landscaping, Hospitality & Tourism, Information & Communications Technology, Justice Community Safety and Emergency Services, Non Profit, Social Justice, Sports, and Transportation

Visit haltonpathways.ca and myBlueprint.ca/halton to learn about specific SHSM programs in the HDSB.

Note: Transportation within a region for SHSM programs may be available (eligibility requirements must be met).

Additional Learning Opportunities

eLearning & Cooperative Education

eLearning in Halton

eLearning is intended to support students in developing familiarity and comfort with learning and working in a fully online and asynchronous environment, as well as developing digital literacy and other important transferable skills that they will need for success after secondary school, including in post-secondary education and the workplace.

eLearning in Halton is offered through the eLearning Campus, with courses available in both semesters during the school year. In an eLearning course, students interact with their teacher and classmates in a fully online, asynchronous environment.

This experience allows students to:

- Earn credits in a different way
- Learn at a flexible time of day and location
- Access engaging, unique courses unavailable in some high schools
- Meet the mandatory requirements for graduation

Students are required to earn two (2) eLearning credits to graduate from secondary school as part of the 30 credits required for the Ontario Secondary School Diploma (OSSD). Students may submit a signed opt-out form to be excused from this requirement.

Guidance Counsellors and homeschool eLearning contacts can assist students with an exploration of eLearning opportunities in Halton. For more details visit the eLearning site at hdsb.ca.

Cooperative Education

Cooperative Education (Co-op) allows students to earn secondary school credits while completing a work placement. The integrated Co-op course connects prior learning/credits and related work experience.

The course begins with an in-school pre-placement learning plan to ready students for the out-of-school work experience. Cooperative Education

teachers work in partnership with the Halton Industry Education Council (HIEC) to match students with appropriate Halton employment placements. Students are monitored and assessed by the Cooperative Education teacher and have regular performance appraisals by the placement supervisor (employer). Most Co-op work placements are designed as half-day programs.

- Students can apply up to two Co-op credits towards their compulsory course requirements, with no limit on earning elective credits.
- Co-op programs are appropriate for all post-secondary destinations including: apprenticeship, college, community, university or work.

Co-op students have the opportunity to:

- Experience hands-on learning
- “Test-drive” career interests
- See the relevance of their classroom learning
- Earn credits and develop essential skills through workplace experience
- Gain valuable work experience, build a résumé to prepare for future employment and/or post-secondary education
- Earn apprenticeship hours and/or be registered as an apprentice while participating in an apprenticeable trade through the Ontario Youth Apprenticeship Program (OYAP). For more information about OYAP, please go to haltonpathways.ca.

Additional Learning Opportunities

Summer School - Secondary (Credit)

Summer School provides students with the opportunity to earn Grade 9-12 credits or upgrade their mark from a previous course in the month of July. Summer School offerings include:

- Full-credit courses that are four weeks in duration (110 hours) or half-credit courses that are two weeks in duration (55 hours). These courses are appropriate for new credit and/or students who require additional learning and/or support to meet provincial standards
- Reach Ahead Opportunities for Grade 8 students to take a Grade 9 elective credit in the summer before they start Grade 9. These courses are four weeks in duration (110 hours)
- Two-week upgrading courses (55 hours) for students who have passed the course but want to achieve a higher final mark

Summer School courses are available in-class (offered at three locations throughout the Halton Region), in-person, e-Learning (Asynchronous) and through Co-operative Education.*

Summer School course offerings are available in late April through your school's guidance office and on garyallan.ca. Students can register for these courses through myBlueprint.

Summer School - Elementary (Non-Credit)

Gary Allan Learning Centres offer summer programming for Elementary students:

- Literacy and Numeracy Program for students in Grade 6-8
- International and Indigenous Languages for students in JK-Grade 8 regardless of their cultural or linguistic background

Night School

Night School provides students with the opportunity to earn credits in some Grade 10-12 courses in the evening. See your Guidance Counsellor for more information or visit garyallan.ca. Night School Offerings include:

- Grade 11-12 academic courses that follow a traditional school semester. These courses run two evenings per week for three hours per night
- Grade 10-12 International Language Credits run once per week for the whole school year or twice a week for one semester depending on enrollment. Prerequisite courses are required regardless of the students linguistic background.

Night School courses are available via in-person classes (offered at 3 locations throughout the Halton Region), and through Co-operative Education. *

Night School course offerings are posted on garyallan.ca in August for Semester 1 and Full Year Courses and in December for Semester 2 Courses. This information is also available through your home school Guidance Office. Students can register for these courses through myBlueprint.

Students who intend to register for summer school or night school with other school boards must inform their home school Guidance office. Students are required to provide official documentation to their Guidance office for all credits earned outside of the Halton District School Board.

Additional Learning Opportunities

Gary Allan Learnig Centres - Adult, Alternative, and Continuing Education

Gary Allan Gary Allan Learning Centres (GALC) serves learners of all ages at sites in Burlington, Georgetown, Milton and Oakville. The wide range of courses and programs offered at GALC are suitable for all destination pathways.

Programs at a Glance

Program	Location(s)	Age Range	Learner Profile	Start Dates
Adult				
Dual Credit	Gary Allan Learning Center and Participating Colleges	21+	This program allows adults who are completing their secondary school diplomas to earn a college credit while working toward the completion of their OSSD.	Fall, Winter and Spring sessions
E-Credit Correspondence -asynchronous	Gary Allan LC online	21+	Self-directed online for students to work at their own pace. No direct teacher support.	Continuous Enrolment Sept. - April
In-Class -synchronous	Gary Allan LC Burlington Halton Hills Milton Oakville	21+	Teacher guided learning through a hybrid mode (in-person and virtual instruction). Courses run in either the morning or afternoon.	New sessions start every 6 weeks
Alternative				
STEP - in person	Gary Allan HS Burlington Halton Hills Milton Oakville	15-18	Guided learning focusing on compulsory credits combined with an experiential learning program.	Continuous Intake Sept. - May
BTS - online	Gary Allan HS Online with drop-in opportunity at local campus	18-20	Fully online learning with teacher support and direction in person or online for recent high school graduates or students 18+ who are close to graduating	Continuous Enrolment Sept. - May
Continuing Education*				
Literacy/ Numeracy programs	HDSB secondary and elementary schools	Grade 7-10	Students looking to develop their skills with literacy and numeracy studies, including preparation for Grade 9 EQAO Math and Grade 10 OSSLT programs.	Sept. - June
Heads Up Grade 9	HDSB	Incoming Grade 9 students	Transition to high school program for students entering Grade 9. Students are welcomed to their school community through literacy and numeracy activities. School participation varies from year to year	Late Aug.
International and Indigenous Languages	Burlington Oakville Milton	JK- Grade 8	Elementary students interested in learning one of 25 offered languages.	Sept. - June (Friday night and Saturday morning)
Night School & Summer School	Varied locations - offered via *in-person or *online learning	Gr.9 - 12	Secondary students or Adult Learners striving to achieve high school credits	Night School - Sept. to June. Summer School - July

* For Secondary Credits through Summer School and Night School (including International Languages) please see previous page. To learn more, speak to your Guidance Counsellor or visit www.garyallan.ca.

Terms and Definitions

Guide to Secondary School

Accommodations –

Adjustments made in the delivery of course material, including specific teaching and assessment strategies and/or assistive technology that support a student's access to the subject or course materials, but do not change the learning expectations.

Achievement Categories –

The four achievement categories are: Knowledge and Understanding, Thinking, Communication and Application.

Achievement Chart –

The chart provides a reference point for all assessment practice and a framework within which to assess and evaluate student achievement.

Assessment – The process of gathering information/evidence that accurately reflects how well a student is achieving the curriculum expectations in a course.

Asynchronous – Learning that does not require consistent real-time interactions with an instructor.

Certificate of Accomplishment –

This certificate will be granted to students who have earned a maximum of 13 credits.

Code of Conduct – Provides guidelines and expectations for all students regarding behaviour within the school. It is usually found in the student agenda or on the school website.

Community Involvement

Hours – As part of the OSSD, all students must complete 40 community involvement hours. Students may begin to accumulate hours during the summer before their Grade 9 year.

Compulsory Course –

Refers to a specific course that students must take as part of the Ontario Secondary School Diploma (OSSD).

Cooperative Education

(Co-op) – Provides students with an opportunity to extend their classroom learning with a work placement.

Course Code – Six character course codes used to represent the subject, grade, and course type.

Course Selection – The process of selecting courses for the following school year. This occurs in January/February.

Course Types – Courses are offered as: Academic, Applied, College, Essential, Open, University, University/College, Workplace and K-Coded courses.

Credit – A credit value of 1.0 is granted upon successfully completing a 110-hour course.

Credit Recovery – A Student Success initiative that provides students who have failed a course an opportunity to complete the required learning expectations and earn the credit. Students who withdraw from a course are not eligible for credit recovery.

Credit Rescue – A Student Success initiative that supports students at risk of failing a course. Credit Rescue occurs while the student is enrolled in the course.

eLearning – A course delivery method based on the use of online course resources taught by an off-site teacher outside of a traditional classroom.

Elective Course – A course students select based on interest.

English as a Second Language

(ESL) – Courses designed for students learning English as an additional language who have grade and age appropriate literacy skills.

English Language Development

(ELD) – Courses designed for students learning English with limited prior schooling who have not had the opportunity to develop age appropriate literacy skills in any language.

English Literacy Development

Program (ELD) – A course designed to teach students the basics of reading and writing.

Terms and Definitions

Guide to Secondary School

EQAO Grade 9 Assessment of Mathematics –

A test based on the Grade 9 Mathematics programs written towards the end of the student's Mathematics course.

Evaluation – The process of judging the quality of student learning on the basis of established performance standards and assigning a value (mark) to represent that quality.

Final Evaluation –

This evaluation represents 30% of the final grade in a course and may include a final performance task and/or final examination. This evaluation is administered towards the end of the course.

Final Performance Task –

Students are asked to complete this major piece of evaluation for each course.

Full Disclosure – Following the Full Disclosure date (each semester) any Grade 11 or 12 course completed, dropped or failed will appear on a student transcript along with the marks earned in the course. Full Disclosure occurs five instructional days after the issue of the mid-semester Provincial report card. Full disclosure does not apply to Grade 9 or 10 courses.

Graduation Summary –

A record of marks and credits attempted and achieved, community involvement hours,

and completion of the Ontario Secondary School Literacy Test requirement.

Guidance – The Guidance office is a safe place for students to express their needs and concerns. Guidance Counsellors provide support services for many aspects of adolescent development including personal, academic and career counselling. The Guidance office may also be referred to as 'Student Services' in some schools.

Identification, Placement and Review Committee (IPRC) –

A committee that meets and decides if a student should be identified as an exceptional pupil and, if so, the placement that will best meet the student's needs.

Individual Education Plan (IEP) –

A written plan which describes the strengths and needs of an individual student, the special education programs and services established to meet that student's needs, and how the programs and services will be delivered.

International Baccalaureate Diploma Programme (IBDP) –

The Diploma Programme is a comprehensive two-year program that takes place in the last two years of secondary school (Grade 11 & 12).

Learning Skills – Learning Skills are reported on the Ontario Provincial Report Card in the

following areas: responsibility, independent work, organization, collaboration, initiative and self-regulation.

Modifications – Adjustments made to the grade level expectations for a subject or course to meet the needs of the student. Students are working at their own level and are assessed based on their Individual Education Plan rather than meeting course expectations.

Ontario Education Number (OEN) –

A student identification number assigned by the Ministry of Education when a student starts school in Ontario. The number will follow the student throughout their education in Ontario.

Ontario Secondary School Certificate (OSS Certificate) –

This certificate will be granted to students who have earned a minimum of 14 credits.

Ontario Secondary School Diploma (OSSD) –

The OSSD is granted to students who achieve the requirements of 30 credits (19 compulsory and 11 elective), complete 40 community involvement hours and successfully complete the Ontario Secondary School Literacy requirement.

Terms and Definitions

Ontario Secondary School Literacy Course (OSSLC) – This course meets the Ontario Secondary School Literacy requirement and may be recommended for students not previously successful on the OSSLT.

Ontario Secondary School Literacy Test (OSSLT) – In Grade 10, students write their OSSLT as a required component of an OSSD.

Ontario Student Record (OSR) – The official school record for each student enrolled in an Ontario school. The OSR file contains report cards, credit history and completed diploma requirements, and other material relevant to the education of the student. The OSR follows the student through school and remains at the final Ontario school attended. The Ontario Education Act and Freedom of Information legislation protect these records.

Ontario Student Transcript – An official record of academic achievement at a secondary school in Ontario.

Ontario Youth Apprenticeship Program (OYAP) – A Pathways program which allows students to gain experience and training in apprenticeship occupations through Co-operative Education.

Parent/guardian – The term *parent* is used throughout this document to refer to the legal guardian of any student under 18 years of age.

Pathways – Pathways initiatives provide a wide range of course types, programs and learning opportunities to prepare students for success in secondary school and in their chosen post-secondary destination.

Prerequisite – The course a student must have completed prior to the next course in that subject area.

Professional Support Services Personnel (PSSP) – PSSP staff includes: Child and Youth Workers/Counsellors, Social Workers, Psycho-Educational Consultants and Speech Language Pathologists.

Progressive Discipline – A range of responses and consequences when a student's actions are contrary to the Code of Conduct.

School Council – School Councils advise principals and, where appropriate, the school board on issues affecting the education programs and the operation of individual schools. Their membership reflects both the school and the community and includes parents and guardians of students, the principal, a teacher, a student representative (secondary school councils), a non-teaching school staff member as well as members from the community at large. Parents must make up the majority of council members.

Semester – The school year is divided into two semesters. A student will generally take four courses in each semester. Some courses are de-semestered and run from September to June.

Specialist High Skills Major (SHSM) – A Pathways program that allows students to focus their learning on a career path that matches their skills and interests. SHSM programs include a compulsory bundle of eight to twelve Grade 11 and 12 courses, industry certification/training and experiential learning from the chosen sector.

Student Success – Refers to the many initiatives in place to support student learning.

Support Services Team – A team composed of school Administrators, Guidance Counsellors, Special Education teachers, Social Worker, and Student Success teacher. The team works together to support student achievement and wellness.

Synchronous – learning that requires consistent real-time interactions with an instructor.

Timetable – A timetable outlines the course, time, room number, lunch period, teacher and semester in which students will take all their courses.
